

Oasis Day & Wellness Spa—January News

Now that the holiday's are over and we settle in for a few months of winter, you may notice that your skin is feeling a little dry or looking dull and sluggish.

Exfoliation treatments and products enable the skin to better absorb cosmeceutical ingredients. Without proper exfoliation, dead skin cells can get trapped and build up on the skin's surface. Once the dead skin cells build up you'll see a flat, dull complexion, more noticeable fine lines and wrinkles, rough texture and blemishes, and lessened effectiveness of your skin care products.

Oasis Day Spa has several services to help you achieve more radiant skin.

Pumice Peel Facial

An advanced, ultimate strength "peel" that contains potent acids and enzymes to provide a powerful peeling of dulled surface cells. Smooths out fine lines and wrinkles leaving your skin feeling refreshed and younger looking.

Lactic Peel

This advanced, ultimate strength peel contains organic lactic acid, enhanced by pumpkin fruit enzymes and stimulating pomegranate to provide a powerful surface peeling of dulling skin cells. This peel will dramatically improve dull, lifeless and rough textured skin. Your skin will feel smooth and retexturized, with a brighter, more even overall tone.

Mud Therapy Body Mask

Detoxify and stimulate your skin's metabolism with therapeutic mud and aromatherapy. In this revitalizing treatment, mud therapy is applied to your entire body and you are cocooned in a warm blanket to jump start the purification process. The mud mixture will unleash a stimulating action, helping to rid your body of toxins. Emerge from this invigorating treatment refreshed and re-energized.

BIOELEMENTS®
PROFESSIONAL SKIN CARE

Oasis Day Spa also carries several Bioelements products you can take home to help you achieve a smoother and brighter complexion.

BIOELEMENTS®
PROFESSIONAL SKIN CARE
